Subject: Sage 50—U.S. Edition: Announcing Sage 50 2021.1

Body:

What's new

- Expansion of Payroll Pay Types
- Families First Coronavirus Response Act (FFCRA) Form 941 Reporting
- Resolution of reported issue related to mouse freezing or lagging during processing

For more information about the new enhancements, please see the “What’s New” document.

Important: Payroll subscribers should download and install this update to help comply with reporting requirements for 3rd quarter filing of Form 941. Please see steps below for manually downloading and installing the 2021.1 update.

You will need to convert your company data after installing this version.

Download and install

Important: If you use third-party products that integrate with Sage 50, check with the vendor of your third-party product to ensure their product is fully compatible with this release. If you integrate with other Sage products, check with your Certified Consultant or Sage to ensure that these components are compatible.

This update will be sent to you automatically through your product. If you would like to download and install before the update is sent to you:

1. Select **Services > Check for Updates > Check Now**
2. If multiple updates appear, select the update(s) you want to install, then select **Download**
3. Once the download has been completed, exit Sage 50 and the update will begin

Tip: If you have Sage 50 installed on more than one computer, you will need to download and install on the server first.
